WELCOME IN AACHEN

The IEEE Intelligent Vehicles Symposium is a premier forum sponsored by the IEEE Intelligent Transportation Systems Society (ITSS). Researchers, engineers, practitioners, and students, from industry, universities and government agencies are invited to present their latest work and to discuss research and applications for Intelligent Vehicles and Vehicle-Infrastructure Cooperation. The conference offers, technical sessions, workshops, poster sessions, exhibitions, and more.

The IV 2022 will take place in the Eurogress Aachen. Aachen is a small but ancient city in the heart of Europe at the border triangle of Germany – Netherlands – Belgium.

Thanks to the RWTH Aachen University and the Institute for Automotive Engineering (ika) Aachen has become an center for automotive research and development. Ika researches the complete vehicle including its systems and their interactions. From the initial idea to innovative component and system concepts to vehicle prototypes, the Institute's staff actively design solutions for tomorrow's mobility.

All information about the event can be found here: www.iv2022.com

TOPICS

Authors are invited to submit papers that fall within the scope of intelligent vehicles. The review will be based on this paper. Topics of interest include but are not limited to the following:

- Advanced Driver Assistance Systems
- Artificial Intelligence
- Automated Vehicles
- Autonomous / Intelligent Robotic Vehicles
- Collision Avoidance
- Connected & Cooperative Vehicles
- Driver State and Intent Recognition
- Human Factors
- Human Machine Interaction
- Image, Radar, Lidar Signal Processing
- Image, Radar, Lidar Signal Processing
- Information Fusion
- Intelligent Vehicle Software Infrastructure
- Novel Interfaces and Displays
- Pedestrian Protection
- Policies and Regulations for IV
- Smart Infrastructure
- Vehicle Control
- Vehicle Environment Perception
- Vehicular Safety, Active and Passive
